Subject: Canadian Radium & Uranium Site EPA SSAL/PRGs for Groundwater
Attachments: 170317_CRU_GW_Highest Values.xlsx

Good afternoon Dan,

The trip report for the groundwater sampling event conducted in December 2016 should be ready as soon as we receive the EPA SSAL/PRGs for groundwater. I have attached a modified data table which includes the highest result values from the sampling event to enable Lyndsey calculate the EPA SSAL/PRGs for groundwater.

Please let me know if you have any questions.

Thanks,

Ben Nwosu
